TOMORROW 1-2 PRICE

Infants' silk and wool bands, regular price 50c, TOMORROW 1-2 PRICE

TOMORROW 1-2 PRICE

## EL PASO TO TALK BY THE WIRELESS TELEPHONE ROUTE

El Paso is to have a wireless telephone according to the representative of a new company now in the city. Theo. Hanford, special representative of the Collins Wireless Telephone and Telegraph system, is in the city for the purpose of opening local offices for the Texas Collins Wireless Telephone company, and to select a telephone tower site for the receipt and transmission of messages.

"The wireless as a means of communication has passed the experimental stage and we are ready to get down to business. That is what I am here for," said Mr. Hanford. In the short space of four years, Mr. Hanford believes, the wire as a transmitter of sound, will be relegated to the junk heap and the wireless telephone system will be in use between every city of importance in the United States, Mexico and Canada. This will be brought about through the agency of separate wireless telephone companies operating in every state of the union and through the local companies to be established in the cities and towns, he says.

Charles H. Beauchamp, who with associates, built and operated the first wire telephone system known as an "independent" company with eastern Texas as its field of operation, is the trustee and treasurer of the proposed Texas Collins Wireless Telephone and Telegraph company. He promoted and built the first interurban electric road in the state, between Fort Worth and Dallas, it is claimed.

The Texas company will have a capital stock of \$2,000,000. El Paso will be one of the most important links in the interurban and intercity business of the company as all business for the republic of Mexico will pass through this city. Just when the local towers will be installed, Hanford is not ready to state.

Mr. Hanford will in a few days give a public exhibition of the merits of the wireless telephone instrument and will probably rig up an instrument in a local bank to demonstrate the ability of the sound waves to penetrate the walls of a bank vault, he says.

He says he made the experiment on the C. R. El Paso bank building in this city from Houston for the edification of the bankers, who talked with ease and understanding between the cars of the train while moving at a rate of 35 miles an hour.

## ALBUQUERQUE SAYS WATER FOR ALL

(Continued From Page One.)

he was surprised at the mass of misinformation that they held. After the facts were set before them, the matter was seen in a different light, and, instead of opposing the Elephant Butte dam, they were all in favor of it and will use their influence to see the project completed.

The Victor Land & Cattle company, through its attorneys and representatives, opposed the project and used the Albuquerque chamber of commerce for the furtherance of its ends but the opposition of the people in the surrounding counties was based upon a misunderstanding of the facts and when the real facts were placed before them, they became supporters of the plan," said Mr. Galles. "Among those who deserve special mention for their part in turning the tide in favor of the dam are Col. W. S. Hopewell, George Arnet and John Rankin, of Albuquerque."

## RETAIL MERCHANTS PROTEST AT INSURANCE RATE

The Retail Merchants' league will meet Friday evening to discuss with the local fire insurance agents the question of insurance rates for El Paso. The increase in the rates of the mercantile risks has caused general discussion among the merchants carrying large stocks of goods and an effort will be made at this meeting to have the city take action to have the key rate reduced as low as possible.

## ACCUSED OF SELLING COCAINE; ON TRIAL

Mrs. Laura Walker and George Miller, who conduct the Owl drug store on Broadway, are being tried in justice Matlock's court on charges of unlawfully selling cocaine.

The penalty for this offense on the first conviction is a \$25 minimum fine and \$50 maximum fine, the second offense is punishable by a doubling of the fine and if charged with a commission of this offense a third time the case must go to the county court.

## GO EAST FOR PLEASURE

F. W. Norton, president of the International Book and Stationery company, and Mrs. Norton, have left for the east on a two months' trip.

## FRUIT SHIPMENTS

The movement of California and Arizona apricots has begun toward the eastern and northern markets.

W. M. Reed, district engineer of the reclamation service, and F. W. De- examiner of titles attended the irrigation meeting at Albuquerque. They were in Las Cruces Friday and will arrive in El Paso Friday evening.

## Hyomei Will Cure Catarrh and Catarrhal Deafness

## If You Are Deaf Catarrh May Be the Cause.

Did you know that there is a passage between the nose and the ear and that if the destructive germs of catarrh once wiggle their persistent bodies through that passage that they are apt to attack the ear drum, and cause deafness. My friends, beware of catarrh germs; if ever there was created a more despicable, stealthy, sneaky, devilish, destructive bit of germ life no one has ever heard of it. They delight in destroying healthy tissue and tender membrane, and they work constantly night and day, all the time increasing and multiplying at a tremendous rate. If you are deaf or have ringing noises in the ear breathe Hyomei and notice the quick relief. Here is a wonderful case of deafness cured by Hyomei, (pronounce it High-o-me).

"Catarrh bothered me over a year, when I became deaf. Then I commenced to doctor to get rid of the deafness. Nothing I used helped me. The trouble continued until I was advised to try Hyomei. I used Hyomei thoroughly, for a few weeks, and much to my surprise the deafness and catarrh left me entirely. Since using this wonderful remedy there has been no return of the trouble whatever. My hearing is good, and there is no catarrhal trouble, and for this reason I know I have abundant cause for calling Hyomei a wonderful remedy, and endorsing its use."—Earl Howe, 202 Cherry Street, Allegan, Mich.

Hyomei is sold by druggists everywhere, and by Kelly & Pollard and is guaranteed to cure catarrh and all nose and throat diseases, or money back. A complete outfit, including an indestructible hard rubber inhaler, costs \$1.00. The inhaler will last a lifetime, so if you need more liquid ask for extra bottle Hyomei Inhalant, the price is only 50 cents. Mail orders filled by Booth's Hyomei Co., Buffalo, N. Y.

Three consignments of cattle were passed through the local port Friday. Five hundred and 60 head were for J. W. Lauer, 714 for L. E. Booker and 204 for the Pittman Commission company.

## TAOS INDIANS ARE ON THE WARPATH

Las Vegas, N. M., May 13.—A serio us indian outbreak has occurred at the ancient Taos Pueblo, 70 miles northwest of here.

Judge John R. McFie, who is holding court there, has appealed to governor Mills at Santa Fe for troops to prevent a possible massacre.

Governor ADVISED. Santa Fe, N. M., May 13.—Governor Mills at noon received a request from Judge McFie, at Taos, for a company of militia to guard against the threatened outbreak at Taos by Pueblo Indians. The Indians yesterday raided homesteads north of Taos; cut fences; drove off cattle and assaulted the wife and children of a homesteader named L. S. Meyers. The feeling at Taos against the Indians is intense. Serious trouble is feared.

## BALLINGER LAYS BLAME ON PINCHOT

Says Scurrilous Pamphlets Are Being Circulated by Ex-Forester.

Washington, D. C., May 13.—Secretary Ballinger on the witness stand today before the Ballinger-Pinchot committee read a long resume, which he said would show the existence of a conspiracy to remove him from public life.

The resume had to do with various portions of the testimony introduced at the present investigation and concludes: "Evidence introduced in the present investigation by the so-called prosecution was all put in by the 18th of March last and since that time evidence has been introduced by me before the commission. An anonymous pamphlet has been issued, notwithstanding the truth which has been shown by evidence in my behalf, and circulated secretly and confidentially, purporting to state what the prosecution had shown, and expressly declining to state any evidence introduced by me. Reliable information disclosed that these anonymous pamphlets are being distributed from the home of Gifford Pinchot."

## SPECIAL OFFICER SECURED BY HUMANE SOCIETY

El Paso is to have a special humane officer to represent the Humane society in preventing cruelty to animals within the city limits.

E. E. Morrow was selected Thursday evening and he will be given a commission of special officer by the city and empowered to make arrests in cases of cruelty to animals on the streets. The special humane officer will also have an office where he may be reached by telephone with all complaints of cruelty.

## CAR OF GIANT POWDER BLOWS UP

Salt Lake, Utah, May 13.—A car of giant powder on a siding near Jack's Hot Springs, five miles north of here, exploded at noon today. All telegraph and telephone wires in Salt Lake and Ogden are prostrated to the extent of the property. The cause has not been ascertained.

## ESCAPES FROM THE JUAREZ PRISON

But Is Recaptured by Mexican Officials—Steals in Prison.

With an empty barrel and a fellow prisoner's body as a steepladder, and a rope with a hook on the end of it as further assistance, Moises Lona scaled a tall adobe wall and escaped Thursday afternoon from the Juarez jail. And just as he had arrived in the "land of the free," a United States immigration officer spoiled it all. Now Lona is back in jail.

Prisoners at the Juarez jail are allowed to play ball in a large patio. Lona, who has a long criminal record, and a few companions were apparently enjoying a game of "one out, cat," when the disappearance occurred. Moises climbed over the wall by means of the barrel, the shoulders of his friend, and a rope.

Moises Lona was first arrested in Juarez at the time of the Taft-Diaz meeting. He was held with others on suspicion, and while in jail stole \$15 from a fellow prisoner. It is alleged. For that he was sentenced to serve one year and four months. Next he stole a watch from another prisoner, and for that he received an additional two months.

For stealing in jail Lona already has exceeded all records, and in view of what he might do out of jail, is considered a dangerous fellow.

## ROOSEVELT IS ENDORSING NOBODY

Berlin, Germany, May 13.—Mr. Roosevelt today authorized an unequivocal denial of the recent published report that he had written letters expressing his attitude towards the administration of president Taft and favoring a certain candidate as governor of New York.

## RAIN AND POINDEXTER IN DALHART SAME DAY

Dalhart, Tex., May 13.—A heavy rain fell over the Panhandle last night and promises a continuation. It is of great benefit to crops. Judge Poindexter, gubernatorial candidate, is expected here today. The town is full of visitors and great enthusiasm.
